

# SO KILLING SOMEONE IS NOW A HUMAN RIGHT?

Abortion providers, pro-abortion government advisors and journalists are meeting on 23rd and 24th October at the Queen Elizabeth II Conference Centre in London's Westminster. They will discuss using the Government's 'Human Tissue and Embryos Bill' to relax Britain's already permissive abortion law. The Bill is already bad enough. It will permit the creation of human-animal embryos and medical experiments on embryonic human beings. But the abortionists want to use it to force abortion on demand on the United Kingdom.

## CULTURAL IMPERIALISM

Two British Parliamentarians, Christine McCafferty MP, who chairs a pro-abortion Parliamentary group, and International Development Minister Baroness Vadera, are taking part in the conference. Shriti Vadera is a banker

and a crony of Gordon Brown. For years British policy has been to impose anti-life dogma on countries around the world, using strings attached to overseas aid. This means trying to bribe poorer countries to force anti-child policies like abortion, sterilisation and chemical contraception on a vulnerable population whose children are their most valuable resource.

Sadly, representatives from Ghana, Poland, Nicaragua, Nigeria and Zambia are on the programme speaking in favour of this cultural imperialism. The West has a death-wish; we are not even replacing our population and a pensions crisis is in the making. Our family base is crumbling, we shed the blood of innocents and we wonder why our young people are shooting and knifing each other. Who would export - let alone import - such a mentality?

# SO KILLING SOMEONE IS NOW A HUMAN RIGHT?

This is a leaflet for intelligent, open-minded people, discussing issues of justice and human rights around abortion. We talk about how babies develop in the womb, so if you ever wanted to know just when your heart started beating, this is the leaflet to read. As we are a Christian group, we also try to explain the Christian theology of the forgiveness of sins, or how we can be right with God. If you've been involved with abortion, this will show you how your guilt can be washed away by the blood of Jesus Christ.

## JOIN US IN ENDING THE EVIL OF ABORTION

If you wish to join us in ridding the scourge of abortion from our land, by praying and working for justice, righteousness and repentance, we should love to hear from you. Just email or phone us. And may God bless you with the knowledge of His salvation and draw near to you today.

human being and against God in whose image we are made. But although the guilt of sin may feel like hell, it doesn't have to end there. If you are truly and deeply sorry, God stands ready to forgive you, through the blood of Jesus Christ. In Jesus, God became one of us, dying on the Cross for all who would believe in Him. When He was crucified, Jesus took our sins upon Him, and those who trust in Him are totally forgiven. But it did not end there. Jesus Christ ('Christ' means 'anointed' or 'Messiah') rose from the dead and Christians live in His risen life, through the power of the Holy Spirit. That's why we can say His blood saves us not just from the stain of sin but from the power of sin. The past is wiped away, the future can be lived clean. After His resurrection, Jesus Christ ascended back to heaven, and was given the right to rule over all the kingdoms of the world. One day, Jesus, as King of kings, will return in judgment to condemn the wicked and justify

the righteous. The books will be opened. Justice will finally be done. But what about you, when your name is called? It is written 'For all have sinned and come short of the glory of God' (Rom 3:23) and 'If we say we have no sin, we deceive ourselves' (1John 1:8).

If you stay in your sin, then how will you stand, in His sight, in that day?

## 'I AM THE WAY' SAYS JESUS

If you recognise your sinful condition and your own need for a Saviour, turn from your sins, call upon the name of the Lord Jesus Christ and you will be saved. Do that today, because you could die tomorrow. You cannot atone for your own sin, only Jesus Christ is the way to heaven. He said: 'I am the way, the truth and the life: no man cometh unto the Father, but by me.' He also said: 'For God so loved the world, that He gave his only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life.' That promise still stands today.

## JOURNALISTS AND AMNESTY SHOULD KNOW BETTER

Also speaking at the pro-abortion conference are two journalists: Suzanne Moore, the Mail-on-Sunday columnist, is entitled to an opinion at odds with that paper's editorial stance, but Channel 4 newscaster Jon Snow should value more highly a reputation for impartiality. Way back in 1981 he received the 'Valiant for Truth' media award; would that he were now as valiant in exposing the truth about abortion.

Those who remember Amnesty International as a respectable human rights organisation will be saddened to see its speaker proclaiming 'Abortion as a human right'. Since when did murdering another human being, especially one as dependent on you as an unborn child is on its mother, become a 'human right'? But of course those who make a living from abortion are forming the largest bloc at the conference, employees of the multinational

abortion provider Marie Stopes International at the head, talking about 'Global Safe Abortion' and 'A Woman's Choice.' It's less than safe for the baby, and what choice does he or she get? Embarrassingly, Stopes herself was a fanatical racist and eugenicist who hated the idea of the 'lower classes' and 'inferior races' having children. What a foundation.

## HOW YOU BEGAN

Ironically, we now know so much about human development pre-birth that no intelligent, compassionate individual can deny that every child in the womb is a living, sentient human being. From that it follows that killing any one of them is a crime which in Biblical terms cries to heaven.

From conception, before our cells even start dividing and specialising, all genetic information is laid down, from gender to blood group. It's sobering to think that each one of us is unique (even you, dear reader) and that we all started life like that.

Just three weeks after conception, your own heart began to beat. It won't stop until the day you die. Three weeks later, your skeleton, reflexes and all major organs were present. Two weeks after that and all your organs were working (except for your lungs, obviously) and your brain waves could be detected. All you had to do now was grow, sustained by the food coming from your mother via the placenta which separated you from her.

At ten weeks, when every abortionist wants abortion on demand, you could make a fist, feel and respond to touch and jump up and down in your mother's womb. You were tiny, dependent and vulnerable, but a perfectly formed human being. And in today's wicked world, you were also expendable, allowed by law to be ripped in agony from what should be the safest place on God's earth. In Britain today, a quarter of all babies don't make it to birth.

## THE BLOOD-GUILT OF ABORTION

To legalise such an evil brings the guilt of innocent blood upon the whole nation. With the Abortion Act 1967, Britain placed herself under the judgment of God. Thirty years later, six and a half million babies' lives have been mercilessly terminated. But if the corporate blood-guilt of abortion has to be repented of and atoned for and the infamous Abortion Act repealed, what of the abortionists who have carried out and are still carrying out such barbaric acts? What of the mothers and boyfriends of young women who pushed them into such a decision and became complicit in it? And what of the bereaved mothers, who know in the hearts they should have protected that tiny baby?

## A PERSONAL ISSUE

If you have been involved with abortion in any way, it will be only natural now to regret what you did, or allowed to be done. It was a sin against another

# LIFE OR DEATH?

## LIFE BEFORE BIRTH 8 WEEKS FROM CONCEPTION

## DEATH BEFORE BIRTH VACUUM ABORTION 8-13 WEEKS

(Most early abortions are done like this)

*"I call heaven and earth to record this day against you, that I have set before you life and death, blessing and cursing; therefore choose life, that both thou and thy seed may live." (Deuteronomy 30:19)*

*"Shall I give my firstborn for my transgression?  
The fruit of my body for the sin of my soul?  
He hath shewed thee what is good; and what doth the  
Lord require of thee, but to do justly, and to love mercy,  
and to walk humbly with thy God." (Micah 6:7-8)*
